

About the PEA

www.peajip.com

Welcome to the PEA in 2008!

The PEA is a pan industry operator network focusing on upstream oil and gas technology. The objective of the PEA is to improve access to and use of production technology on a worldwide basis through ongoing knowledge sharing and supply chain stimulation.

Benefits of Membership

Knowledge/ Experience Sharing and Lessons Learnt

- Industry focus for production technology
- Sharing of knowledge through case history presentations
- Understanding of best practice/ industry 'benchmarks' through focused discussion topics
- Identification and prioritisation of knowledge and technology gaps
- Accelerated field application of new technologies
- Informal networking with other members and invited contractors/ suppliers

Supply Chain Stimulation

- Engagement with broad range of innovative technology suppliers
- Access to presentations of high quality, relevant R&D proposals and 'technology updates'
- Increased percentage of high quality technologies reaching market

Costs

Membership of the PEA costs £3,200 GBP per annum and includes:

- Access to all PEA meetings including Technology Forums
 - Intelligent Well Completions
 - Sand Management
 - Water and Gas Shut Off + Chemical EOR
 - Tight Gas
- Access to the members only section of the website
 - Past Presentations at all meetings
 - Proposals Database
 - R&D/ JIP database
 - Technology needs/ gaps
 - Member Contact Details
- Regular innovative presentations

Current Members

Addax Petroleum	INA
BG Group	Maersk
BHP	OMV
BP	Petro-Canada UK Ltd
Cairn Energy	RWE-DEA
Chevron	Shell
CNR International	StatoilHydro
ConocoPhillips	Total
ENI	Venture
Gaz de France	Wintershall

2008 Programme of Events

Main R&D Meeting	Tight Gas Forum	Intelligent Well Completions	Water & Gas Shut Off + Chemical EOR Forum	Sand Management Forum	Annual Meeting Heavy Oil
16 th Sept	3 rd & 4 th June	5 th & 6 th November	8 th & 9 th October	16 th & 17 th September	1 st Qtr 2008
